EMPTY HOMES AS AN OPPORTUNITY

There are more than 31 million empty homes in Europe which constitute an opportunity for collaborative agreement leases following the success of the [Empty Homes Collaborative](#) project.

WHY?

The humanitarian crisis in Ukraine seems the right opportunity to make use of some of these empty homes, thanks to the solidarity of the citizens, their awareness of the severity of the situation and the need for action.

For Empty Homes Collaborative (EHC), it is now the right time for a private and public collaboration after four years of experience and [recognition by the European Commission](#).

There are several parallel ventures which could become potential partners like [HomeExchange](#) or [Airbnb](#).

WHAT FOR?

Provide decent homes by hosting using an innovative and inclusive process based on collaborative law.

HOW?

As a consequence of the emergency situation, EHC adapts to the needs.

The initial refugee reception requires three key elements to succeed:

Guarantees for the homeowners.

Support at the reception (public and private).

Guidance to reception enterprises if required.
